

The Standard Procedures module is an integral part of **EXAM-RIS**. The features of this module make approved procedures instantly accessible.

- Enables full-time access to department and/or hospital standard procedure manual.
- Allows rapid dissemination of standard procedure changes.
- Stores physician preferences for specific procedures.
- Provides easy database search by both physician and procedure.

Standard Procedures

Report

While only a single report is available from the Standard Procedures module, you may customize this report to include the standard procedures of a specific physician and/or a specific procedure. Or, you can leave both fields blank to generate a report of all the standard procedures in your database.

SWEARINGEN SOFTWARE VERSION 52		Date: 11/5/2008
STANDARD MASTER		Time: 1:23:38 PM
		Page: 1
0887 4611970	KEITH L MARKEY, UPPER GI	
0887 4700002	KEITH L MARKEY, CT ABD W	
110 4611810	ARTHUR JACOBSON, M.D. FEMUR 2	

This report provides a quick overview of the standard procedures that have been specified by the physicians in your facility.
